STANDING COMMITTEES:

BUDGET & FINANCE:
Mr. Goralczyk had no report.

PUBLIC WORKS:
Mr. Pettit had two items from his committee. The first comes out of the Plan Commission meeting. Last Tuesday we had a presentation regarding the resubdivision for fifteen lots in the Foxmoor subdivision. As a part of that we got into a long discussion about the bonding of the roads that have been already installed, but not yet accepted into the Town’s inventory. Mr. Pettit recommended, as Plan Commission President, to his colleagues, that we bring this to the Council. He presented a detailed, written record of what the developer intends to do. The developer is buying the development from the bank and wants to begin building single family homes. He wants to put up bonds for the infrastructure in phases, which we don’t necessarily have a problem with. This is in Mr. Goralczyk’s ward, but Mr. Pettit wanted to bring it to the entire Council so we all know what’s going on. Mr. Pettit made a motion to accept the letter of credit in the amount of $51,498 for the phase one of the Foxmoor subdivision improvements as well as the report from our Town Engineer, Sedrick Green from Robinson Engineering. Mr. Pettit’s motion was seconded by Mr. Widing. The motion was approved by a roll call vote, 7/0.

The second item is the U.S. 30 Frontage Road license for access and maintenance. As council members will recall, we vacated lots on the frontage road at the old Wickes. There is a preliminary subdivision pending in front of the Plan Commission. There will be a demolition of the Wickes building and a new building constructed that will house furniture. We vacated those lots because INDOT is closing that frontage road, but we talked to Vequity Stonebridge about maintaining that road in the meantime until a demolition permit is pulled and that road is redone as part of their development. Mr. Pettit made a motion to accept the license for access and maintenance between the Town of Merrillville and Vequity Stonebridge Merrillville, LLC for the frontage road on U.S. 30. Mr. Hardaway seconded the motion. There was no further discussion. The motion was passed by a roll call vote, 7/0.

Mr. Hardaway met with a representative from Glenwood Manor last week. They are in the process of the final phases of putting in street lights and the things they need to do to start an HOA and turn that over. As soon as they finish the street lights and any other small things that they have to do, then, hopefully, they will come to us and request that the Town take over the streets.

COUNCIL AFFAIRS:
Mr. Spann had no report.

PERSONNEL POLICY & EMPLOYEE BENEFITS:
Mr. Goralczyk announced December 5th was the last day to accept applications for the Parks Director. There were 37 applicants. At this time he would like to have the personnel committee review the applications.

PUBLIC SAFETY:
Mr. Widing had no report but asked the Police Chief to share information on the consolidation. Mr. Petruch stated as of January 1st, the employees will no longer be our employees, but they will still be working in our facility and we will be responsible for the maintenance and upkeep of anything technical that happens in there. Hopefully we’ll have an easy transition, but we recognized there may be bumps in the road along the way.

Mrs. Barron brought up the recent article in the Times newspaper, noting that it contained inaccurate information regarding tax money used for the funding of police vehicles.
